

# SOLITAIRE

28 May 2010

## TO WHOM IT MAY CONCERN

Monarch Building Solutions has recently completed fitouts of two stores, one located in the Canberra Centre (Arnold & Co) and the other in Woden Plaza (Diamond Design) and are about to start a third project also in the Canberra Centre (Solitaire). In selecting a builder to undertake these works, we were seeking a company with a proven reputation and extensive experience in commercial fitouts.

Their professional approach and understanding of the complexities of these projects was impressive. They were able to meet our specific needs within budget and the project was completed on time.

Utilising excellent quality materials and workmanship, Monarch's attention to detail was outstanding. The Company's expertise and wealth of knowledge of the building industry ensured the smooth progress of works to completion.

Client/builder meetings were held on a regular basis during which we were brought up to date on the progress of works. I found Monarch to be forthright in their communications outlining any issues clearly and concisely eliminating any confusion. Their highly experienced and qualified employees were courteous and accommodating at all times.

Monarch Building Solutions conducted themselves in an exemplary manner from the planning stage to completion and I have no hesitation recommending them to potential clients.

Yours faithfully

Allen Arnold
